

EC200: Lon (Network) to BMS Gateway

- Translation for BMS connection
- Requires EC700

Advanced Network Modules Range

- **NCDR**
 - Dual Redundancy Network Card (V2)
- **CFSFL01/02**
 - LON (network) to Fibre Optic interface, max 15K FO length
- **EC400**
 - LON (network) to TCP/IP interface
- **EC540**
 - LON (network) booster, splits network and resends data to increase range
- **ECO232**
 - LON (network) to RS232: Site Graphics & Site Monitor
- **EC200**
 - LON (network) to BMS Gateway
- **EC650**
 - LON (network) to BACnet interface
- **EC700**
 - BMS Gateway to ModBus interface

MODbus Interface

- Typical Example
